c. **Policy** – Prof. Chi-Ren Shyu, chair

Committee meets every other week, they have 3 items to submit.

- i. Policy regarding senior dual enrollment for certificate programs:
 Dual enrollment students have to wait until their undergraduate degree are conferred

before they can be accepted into a graduate certificate program.

Approved Unanimously

ii. Graduate Faculty Status

Department will use an opt-in model that requires departing/retiring faculty to send a request for Status B or C to their academic unit which will evaluate the request with recommendations to continue or terminate faculty's graduate status. In rare cases, active faculty member's status could be revoked on request from their academic unit.

If a denial decision for departing/retiring faculty or revocation decision for current faculty is made, the former faculty member or the faculty member can go through an appeal process which will then go to the Graduate School Dean and GFS.

Approved unanimously.

iii. Micro-credentials (Alternative digital Credential (ADC) – how many credits hours of for-credit ADCs can count toward a formal credential (i.e., certificate, MS/PhD degree)? Alternative digital credentials (ADCs) could be used up to 3 credits for the graduate certificate and 6 credits for a graduate degree. The offering units should decide whether or not a collection of ADCs is equivalent to a regular 1-3 credit hour graduate course based on contents, coherence, and rigor.

Approved unanimously

d. **Faculty Council Representative/Member at Large** – Prof. Erin Robinson

FAC discussing new course feedback tool, will replace current tool. Tool was moved to full council vote and will vote on Dec 1st.
